

Ohio's Medical Marijuana Program: Prevention in a Changing Environment

Presenter: Marcie Seidel

Executive Director of Prevention Action Alliance

The Sandusky County Health Department and Prevention Partnership Coalition will be hosting a session for local professionals and community members who would like to learn more about Ohio's Medical Marijuana Program and the importance of substance abuse prevention in today's changing environment. Marcie Seidel is the Executive Director of Prevention Action Alliance located in Columbus, Ohio. Marcie is a national leader in prevention expertise, advocacy and coalition development and serves on several committees preventing substance misuse and abuse as well as promoting mental health, including Ohio's Medical Marijuana Advisory Committee.
