HOW TO ASK FOR HELP

Decide what the issue really is.

- What is happening?
- How long have you had this problem?
- Who is it an issue for?

Gather together documents and information.

-Medical Information:

- * doctors and dentists' names and addresses
- * medical records / card
- * immunization records

- Legal Papers

- * birth certificates
- * Social Security cards
- * divorce / custody papers

- Income Verification

- * pay stubs or unemployment statement
- * W-2's or tax form
- * verification from Department of Job and Family Services or the Social Security office

Check the Resource Directory and contact the right agency for help.

- Be clear about what you want.
- Have your documents together.
- Write down the date, who you talked to, and what you are told.
- Repeat the information so you know it is correct.

If the agency cannot help you, ask who can. *Be persistent!*

You may have to make several contacts and talk to many people.
